Hi Trevor.

Well done again to the Endeavour Hills Mens' Shed for your efforts to date. The meeting went well I thought.

I am confident the officers have taken on board everything mentioned and will progress the project. Yes, hoping all is well in the EPA camp to give the green light.

Thanks again to the Mayor who has been an important factor in getting this project funded and progressed.

With kind regards,

Good evening Rosalie and Amanda

Thank you for arranging the meeting at Bunjil Place last Tuesday. It was pleasing to hear of the progress that had been made on the proposed building for the Endeavour Hills men's Shed and that, if all goes well, we could be in the new building within 12 months.

I have attached my notes of that meeting. Can you please let me know of any discrepancies.

I have submitted the Men's Shed Grant application but DHS has some queries which I have sent to Callum and asked for a response. Some of these stem from Council's need to manage the project.

Thank you both for what you have achieved and for your ongoing support.

My tip is that there is no 'tip'! So let's hope that there are no issues with the EPA.

Regards
