## Visit to the Berwick Woodworkers Club at the Old Cheese Factory

Last Monday some members tore themselves away from Cup Eve celebrations to visit Berwick Woodworkers Club. The picture on page 1 shows a rocking horse made by one of the members Marten who took 330 hours to construct it. The horse is to be first prize in a raffle being conducted by the woodworkers. 4 of us arrived at 9.00 and two at 10.00 just in time for morning tea.

Left is the paint area and right Rudi drooling over a thicknesser.

Morning tea where matter of importance are discussed.

The men at the woodworking club were very pleased to see us and took us round in detail to look at various projects. Interesting to see that they have a lathe set up for wheelchair access.

A rasp is being used to shape the horse. The dust extraction cost \$36,000.
