Gordon Harris	Robert Kay
Geoff Lacey	

Future activities:

Whatever we want.

Sudoku – Answer on Tuesday

We have now completed the novice puzzles, and this is the second of the tougher range

	2							
9		5	1				3	8
		7	9	6	4			5
	6	9	7				4	
		3	5		2	9		
	7				6	3	5

Calculating velocity

The Problem

Two men are standing on a sheet of ice. The larger of the two men is a giant weighing 300 Kg while the smaller one weighs 100 kg. For reasons unknown, the smaller man reaches out and pushes the larger man with all his might – a total force of 10 Newtons. What will be the result of this action? Which of the two will slide across the ice and with what velocity?

MAN OF THE WEEK

JOHN THORNTON

Newest Member

Data Expert

**Sound and Vision
Technician**

Computer Guru

The Disaster Aid Australia Conference 2018
Sat 5th – Sunday 6th May

For more information see Paul Morris.

EHMS signage

Attached are some bits that I have to layout the word Hills, now I wonder if my fellow members would like to add to this to make up Endeavour Hills Men's Shed.

Letters can be made up of anything 'workshop' related and not too heavy or thick.

Letter size is 150mm for caps and 100mm for rest.

These would then be mounted on a sheet to hang or on an A frame.

The signboard is in our storeroom.

Building Fund

As always thanks for the amazing donations and thanks to the BBQ team.

We have set a target of \$100,000 for our building fund.

Anyone with fund raising ideas please talk to the committee.
