EHMS signage

Attached are some bits that I have to layout the word Hills, now I wonder if my fellow members would like to add to this to make up Endeavour Hills Men's Shed.

Letters can be made up of anything 'workshop' related and not too heavy or thick.

Letter size is 150mm for caps and 100mm for rest.

These would then be mounted on a sheet to hang or on an A frame.

Hans had the signboard at last week's meeting.

Website

Last week Brian put our need for a cool room for the car show on our website.

Two days later I had a call from Phil at the Stamford Men's Shed, we have you can use he said.

That proves that at least one person reads Brian's Blog.
