# Male SELF EXAMINATION FOR ALZHEIMER'S DISEASE.

...It takes less than 15 seconds..

If you are male and over 60 yrs old, you **SHOULD** take this Alzheimer's Test

How fast can you guess these words and fill-in the blanks?

1. \_ \_ NDOM

2. F \_ \_ K

3. P \_ N \_ S

4. PU \_ S \_

5. S \_ X

6. BOO \_ S

You got all 6 wrong...didn't you?

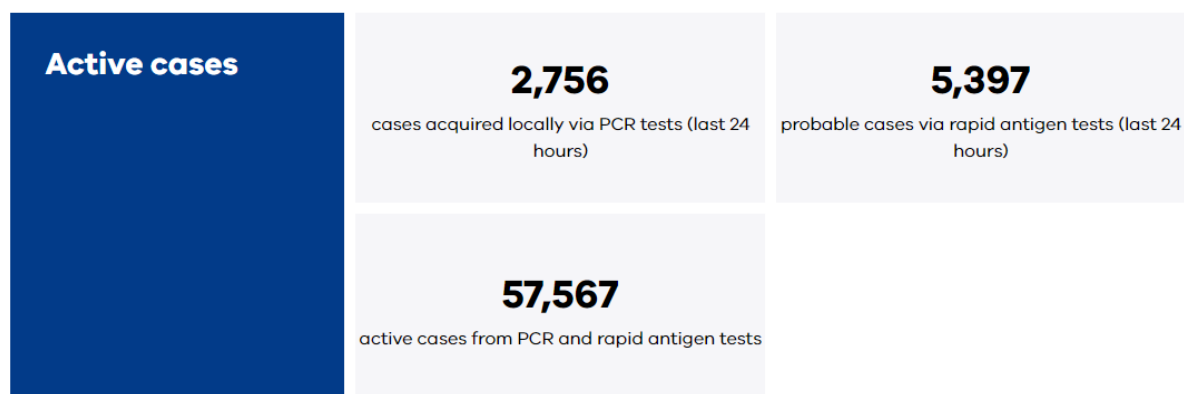

The good news is:

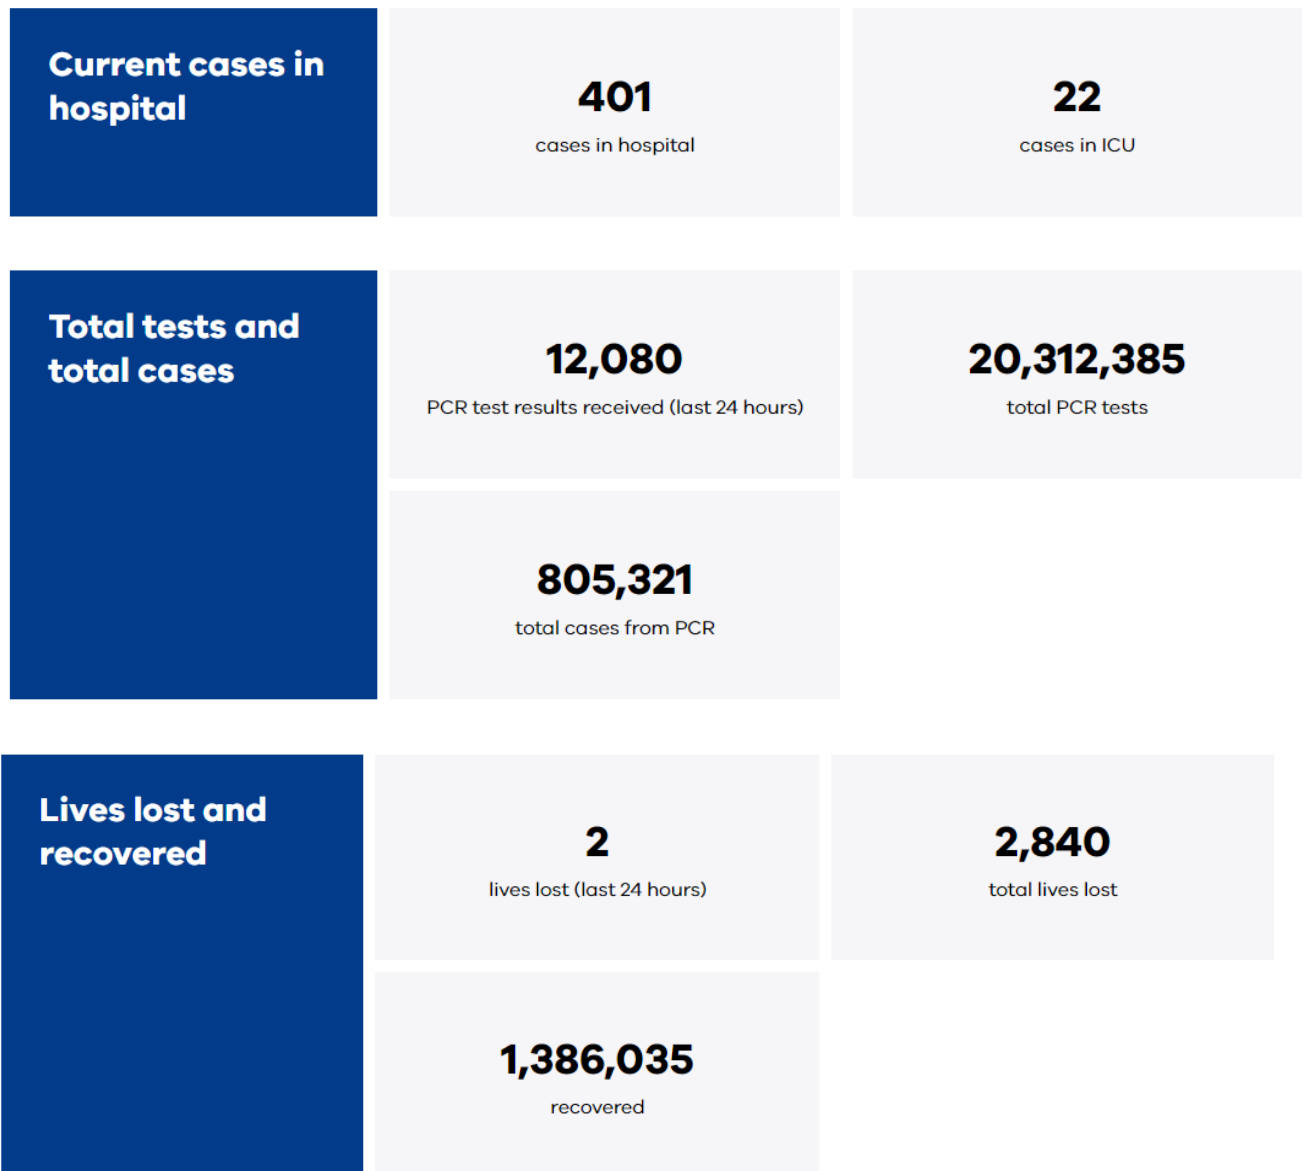

You do NOT have Alzheimer's.

You are a pervert.

## Covid 19

International  
Mens Sheds  
Organisation

The Men's Sheds Movement started in Australia in the 1990's and is gradually spreading around the world, enriching men's lives as it grows.

There are National Men's Sheds Associations in Australia, Canada, Denmark, New Zealand, Ireland, the UK, Scotland and Wales with Men's Sheds in other countries too such as the USA and Sweden.

It is estimated that the number of Men's Sheds globally is approaching 1,800 supporting an estimated 100,000 men.

This website is one of the first actions to be supported by the International Men's Sheds Organisation which is being set up to support the development of Men's Sheds Associations in Countries around the world.

We feel that the National Men's Sheds Associations are doing a fantastic job in supporting the development of Men's Sheds in their own countries and we want to assist them in their great work. We also aim to help Men's Sheds get started in countries where there is not yet a national association.

We hope that this website will bring people together who are interested in the concept and to support them to set up Men's Sheds in their area, wherever they are in the world. If you are interested in setting up a Men's Shed in your area, please contact us and we will put you in contact with your National Association or with others who have also expressed interest.

The Men's Sheds Movement is a grassroots movement. The wellbeing of the men and the sustainability of their local sheds are the number one focus of all other activities.

Dear DAA Friends

March has proved to be one of the best months for fundraising since the start of COVID.

And we have already made a good start for donations in the first few days of April.

Although the increased monthly income is good news, we are unlikely to match our overall income for 2020/2021.

We are however hopeful that with the savings we have made over the last 2 years we will start to make a strong recovery over the next year.

Over the last month.
