EHMS member and CEO (Hon) of Disaster Aid Australia - Brian Ashworth presented on his recent trip to the Philippines

Brian gave an excellent presentation on DAA work providing Clean Water utilising SKY Hydrants. Thanks for the tips about the food Brian.

Brian wrote "Hi Paul Further to yesterday's meeting please record in the Newsletter Disaster Aid Australia's thanks the Shed members for the donations totalling \$61 following my talk on the Philippines."

A member and a committee member have put forward suggestions re donations to DAA, President Doug will speak on this tomorrow.

Saturday – Mindanao Project Launch

“
 We will install a minimum of five Skyhydrants a year, for five years.
 We do this by asking for Rotary Clubs around Australia and Rotarians or individuals to sponsor a project by providing us with Au\$5,000 so that we send the Skyhydrant to Balay Mindanaw.

“
 The partnership between and among Disaster Aid Australia, Rotary and Balay Mindanaw has so far installed and utilized over a hundred Skyhydrants in remote Philippine rural villages and has responded to disasters caused by typhoons, floods, earthquakes, and other humanitarian crises caused by violent conflicts.
 Initially, we said that we would pursue that dream in Mindanao and eventually in the whole country, village by village. There are more than 12,000 villages in Mindanao and more than 40,000 nationwide.

REBUILT HOMES

Brian Ashworth CEO and Cherie Ramsay Director of DAA tasted lots of good Filipino foods -watch out for the feathers.

SWAP'n'GO has been powering outdoor Aussie BBQs and Heaters for generations

To help improve safety a minor change to the connection valve is underway and over the next few months the old valve will be phased out.

The new valve will not affect your BBQ or Heater.

If you have any questions or to watch a short instructional video, visit elgas.com.au or call 13 11 61

FURTHER SAFETY IMPROVEMENT FOR AUSSIE OUTDOOR BBQs & HEATERS

Over the next few months and into the future this new valve will become more common amongst the SWAP'n'GO collection cages and the old valve will eventually be phased out.

Anti-Clockwise POL
Screw-Handle

Appliances with the traditional POL fitting will still continue to screw into the new cylinder valve ANTI-CLOCKWISE.

Clockwise LCC27
Screw-Handle

From late 2021 LPG-appliances will start to adopt a new hose fitting that is purpose built to function with the new valve design. Importantly, appliances with this new hose fitting will only be able to connect to the cylinder valve being screwed on CLOCK-WISE.

The new system is used with existing fittings and containers.

Thanks to Bruce for the contribution.

The music group needs a keyboard player – do you play see President Doug!

Dandenong Chess Club

The Dandenong Chess Club now meets at the Shed most Wednesday evenings. Any EHMS members, beginners or budding grand masters are invited to go along. Call Paul Huver on 0406 786 242 for information.
