# Covid

Covid is gaining momentum with our members latest Roger last Thursday at Music

As far as I know all music people are ok.

## Victoria

**What's the COVID-19 situation?** Cases are higher than they have been in recent months, but lower than the peak earlier this year. Case numbers appear to have stabilised compared to last week.

Here's what the latest data from the state's weekly surveillance report says:

**"The number of people in hospital with COVID-19 remained relatively stable this week with a daily average of 326, up from 325 last week."**

"The current average is high compared to recent months but remains below the most recent peak in May/June.

"The 7-day average of ICU patients declined this week (16 to 15)."

**"Deaths in the most recent 28-day period have continued to increase, with a current 28-day total of 144."**

"A mix of Omicron recombinant XBB sub lineages continue to dominate in Victoria.

"There is currently no evidence of increased severity for XBB subvariants."

## EHMS

Fun day at the EHMS, 28th November 2023, Doug Rowley our President back from 2 weeks off sick and Neil B after returned after about 6 months off, so happy to see you recovering  and easing back into normal life.

Neil E is in our thoughts as he recently received special care. We missed Paul M, Laurens, our VP took the minutes and was an inspiration to all around today.

We had an informative presentation by the chief of Myuna Farm where over 50 years of history was shared and plans on how we could partner them in the future was discussed.

Carmelo and Len provided a very tasty BBQ lunch, thanks for stepping in, during the absence of Stan and crew.

Tony R and Glen worked on repairing Stop Signs for Casey Council.

Tony B, Bob D and ring-ins helped install the outdoor school bus at St Paul's North Primary School after a long season at the Shed. The Principal and staff tested it and were very grateful. Great job, congratulations to the project team lead by Tony B and Bob D.
