**SHAPE
YOUR CITY**
Make your
feedback count

Hi all,

My name is Wayne Magee, and I am the Head of Community Engagement & Advocacy at the City of Casey.

I write to let you know about the Shape Your City community engagement program.

The Shape Your City community engagement program gives you the chance to have your say on the future of Casey. The decisions Council make and the services we deliver will be shaped by the community's feedback.

There are multiple ways for you to provide your feedback including an online survey, online fund its tool and multiple in-person pop-ups around Casey.

Plus, everyone that completes an online survey goes in the running to WIN one of five \$500 Westfield Gift Vouchers.

You can read more about the program here: <https://conversations.casey.vic.gov.au/shape-your-city-2024>

We would love it if you could share the above information with your community at Endeavour Hills Men's Shed before the consultation closes on **Sunday 7 July**. I have also attached some images should you require them for an internal newsletter.

Feel free to reach out if you have any questions or concerns and thanks for helping us to Shape Your City.

3D Printing Group

The third meeting of the group precis the work so far. Paul met last weeks challenge of bring a USB stick to plug into the sheds 3D printer, closely followed by Howard who missed out.

Robert Macgregor brought in his own 3D printer and had a lot more success with the Fibonacci gear wheel than Paul did with Sylvestor.

Vin as always gave an incredibly detailed and interesting talk on the strategy leading up to D-Day the day everyone remembers.

The Normandy landings were the landing operations and associated airborne operations on 6 June 1944 of the Allied invasion of Normandy in Operation Overlord during the Second World War. Codenamed Operation Neptune and often referred to as D-Day, it is the largest seaborne invasion in history.
