Good news Chaps,
You are cordially invited to attend the King's Birthday
Celebration on Monday June 9, 2025 at Bunnings Dandenong.
Don't miss out on this once-a-year opportunity to join a handful
of carefully selected Shedders. You could celebrate this
auspicious event by preparing and serving Hot sausages in
bread (with optional onions if requested) and drinks to assist
the people of Greater Dandenong and surrounds satisfy their
hunger and thirst, while celebrating this milestone event.

Come on! Why not put your name forward by return email,
stating your name and whether you would prefer the morning or
afternoon session.

Sad news!

The inventor of auto-correct collapsed in the street yesterday.
He was taken by ambience to the nearest horse piddle.

What a trajectory!

He acutely passed away and is being buried tomato.

Our throats and payers go out to his family and his family is
externally grapefruit.

Getting Our Ducks In Line

Our May theme each Tuesday is getting ourselves organised for the years ahead.

Last Tuesday we held an open discussion on the "paper work" we all need to complete and keep relevant by occasional review. A great deal of worthwhile discussion on wills and the various powers of attorney which we need to consider.

If you need further help, especially if you are planning to update your position or haven't as yet commenced this process, is the following web address for a Victorian legal advice service which is a registered not for profit organisation. It has nothing to sell you. Part of Justice Connect I recommend "Understanding Powers of Attorney in Vic", which you can just type into your browser.

This resource includes links to all government forms and so you can complete your own (and partner's) wishes for your future arrangements.

Dry easy to follow and clear explanations.

This Tuesday our second session will be presented by Evan Gilhome and looks at financial management in Superannuation and Government Pension entitlements through Centrelink.

Should be interesting.

Following Tuesday Elder Rights Australia will present information on aging and your rights.

Ron Sterling.

Gentlemen and Will.

As I am the oldest my historic interest goes back before some of you puppies. My mates built 3 chipboard tracks at three locations, and we would have Friday night contests. In those days you just drove home best you could. I recall that one innovation on my track (which was basically a "T" track) was a sharp hairpin corner where we routed the slots to come close to each other at the apex of the corner. More realistic than normal equidistant and also tested the brave. I'm glad Will you are enjoying the early stages of the project.
